

Stellar Wellness

Enlightening - Empowering - Educating

Hello Oily Family,

As we welcome Spring, let's look at **Ditching** the toxic products in our home and Switching to healthier alternatives. Have you ever stopped to consider how many chemicals are contained in your personal care items? These are items we use everyday. **Hair and skincare products are huge offenders in our fight to keep our families healthy.**

Our skin is our largest organ and like a giant sponge it absorbs most of what it comes in contact with. The effects of chemical **laden products may build up in our organs and tissues** and result in health problems. Young Living's line of

Skin Care products and Baby products, are **free from chemicals and synthetic ingredients**. They're a great way to elevate your skin care routine.

Check out Brittany's video below on the success she's having with Young Living's personal care products! Also keep an eye out for other Stellar Wellness Family members personal testimonials in the segment **"Putting the Oils to the Test."**

We would love to see your videos too, let's learn together! If you are interested in sharing a video testimony about your favorite product(s) send us an email to info@stellarwellness.com!

The ART Line contains:

- Frankincense

- Royal Hawaiian
- Sandalwood
- Lemon
- Melissa
- Lavender

Along with a host of other plant based ingredients that support renewal and replenish the skin. The ART Skin Care System is a 3-step process that can be purchased separately or together. This luxurious skin nourishing line can be used alone or in combination with other YL skincare products.

Our littlest family members need SAFE products too. Young Living Seedlings line to the rescue! The Seedlings line is made of a plant based formula, infant safe essential oils and is free from harmful ingredients.

Made WITHOUT Sulfates, parabens, petrochemicals, alcohol, chlorine, mineral oil, lanolin or synthetic colors, dyes, or preservatives.
