

Stellar Wellness

Enlightening - Empowering - Educating

Happy Spring Fellow Oilers,

Spring is a time of new beginnings in nature and we are seeking to make some fresh changes in our homes as well. With our Young Living products, we have the opportunity to **use some of what nature has for us in terms of plants in our homes**. I am so happy my family and I began our toxin free journey over 15 years ago. And what better time than the spring for you to start fresh with yours. Whether you have been on your pursuit of cleaner living for a while or you've just begun, we have the best plant derived essential oils and oil infused products.

Check out Jennifer's video below where she is sharing her experience with **Thieves Household Cleaner**. Also keep an eye out for other Stellar Wellness Family members personal testimonials in the segment **"There's An Oil For That."**

We would love to see your videos too, let's learn together! **If you are interested in sharing a video testimony about your favorite product(s)** send us an email to info@stellarwellness.com!

Karen Douglas

This month we are focusing on some of the wonderful products we have so you can continue your journey of **Ditching** your chemical laden products, and **Switching** out for healthier alternatives. Thieves cleaner is a heavy hitter in my home. It is so versatile and is safe to use around everyone in your family, including children and pets.

Meet Jennifer – YL Member since 2013

“Thieves Household Cleaner is my go to cleaner for my entire house! I absolutely love how it smells and how safe it is for my family.”

Check out Jennifer's Youtube Video Here
