

# Stellar Wellness

February 2025

## Hello Oily Family!

As we step into February, the month of love, it's a perfect time to reflect on the love we give to ourselves. After kicking off the new year with fresh goals, it's essential to continue nurturing our wellness journey—not just physically, but mentally and emotionally, too. Whether it's dedicating time to rest, practicing gratitude, or setting aside moments for self-care, every step you take is an act of love toward yourself.

Let this month serve as a reminder that taking care of you is the foundation for all the other relationships in your life. Our monthly Ezine is here to help you on your wellness journey. It's filled with wonderful articles to support you and those you love. Here's to a healthier, happier year ahead. You've got this!

Abundant Blessings,

Karen

First up is our monthly Ezine. It's filled with an informative healthy hormone cheat sheet and other interesting articles on our new Wyld notes perfume, heart healthy tips, Valentine ideas for the classroom, essential oil recommendations for dry skin, the importance of glutathione and more.

Details about our next Stellar Wellness gathering: Saturday, March 1st. Click the video below.

### Muscle and Joint Roll-On: Your all-natural ally

Our most potent full-spectrum CBD roll-on with more cannabinoids and DeepSpectra® technology for even better results.

- 1000 mg full-spectrum CBD soothes tired muscles (YL tip: Roll on and massage for maximum effect.)
  - DeepSpectra technology delivers boswellic acid, an essential part of your recovery routine.
  - Invigorating essential oils provide a long—lasting, soothing sensation.
  - Patented roll-on design ensures mess-free, targeted application.
-

## CBD Beauty Glow™ oil: Get glowing, naturally

A full-spectrum CBD oil that moisturizes, nourishes, and beautifies with essential oils and DeepSpectra® Lavender Melissa.

- 600 mg full-spectrum CBD soothes dry, tired skin.
- Hydrating carrier oils lock in moisture for a dewy, healthy-looking glow.
- Exquisite beauty oils from our farm help reduce the appearance of redness, fine lines, and wrinkles.
- Chlorophyll contains antioxidants that support and soothe skin from environmental stressors.

Fun fact: Most companies filter out chlorophyll. We don't, so our hemp oil stays darker and delivers more antioxidant benefits.

---

## **The YL DIFFERENCE**

Most hemp farmers grow identical plants year after year by taking cuttings from the same plant, genetically engineering them, and using pesticides to control hormones and maximize CBD isolate. We do things differently.

Our exclusive population hemp is grown from farm-grown, organic, non-GMO seeds, allowing each plant to evolve naturally. This results in a diverse range of over 150 biological compounds, offering a broader spectrum of benefits for your skin and the full power of the hemp plant.
